Minimum deposit is 1000 UBSN					
The confirmation process may take up to two hours. If the transfer has not been completed by this time, contact our support team via telegram or chat.					
The deposit address is for one-time use only. Therefore, send only one transaction to this address. Re-sending funds to a one-time address will result in a complete loss of funds.					
Please send to this address only those assets that you entered in the transaction window. For instance, if you have generated an address for depositing UBX coins, then send only UBX. This applies to all assets processed on the platform. Sending any other tokens will result in the loss of the funds sent
